**(WASHINGTON, DC)** – The District Department of Transportation (DDOT) is advising stakeholders to expect Road Closure due to manhole enclosure and precast base installation weather permitting. However, residents will still have access to their homes. Parking will be restricted. Please adhere to all No Parking signs.

The road closure is necessary to complete the DC PLUG initiative's Feeder 15009 project manhole enclosure and precast base installation. The DC PLUG Initiative consists of undergrounding powerlines for a more resilient DC.

For more information about the DC PLUG Initiative and to stay up to date on traffic-related impacts and construction progress, please visit [www.DCPLUGinfo.com](http://www.DCPLUGinfo.com), phone the DC PLUG team at 1-844-758-4146 or email us at [questions@DCPLUGinfo.com](mailto:questions@DCPLUGinfo.com).

###

These closures are required for construction activities associated with the following DDOT project: District of Columbia Power Line Undergrounding. (DC PLUG) The District of Columbia Power Line Undergrounding (DC PLUG) initiative is a partnership between the District Department of Transportation (DDOT) and Pepco to improve the resiliency and reliability of the District of Columbia electric system by placing select systems underground. Feeders are primary

distribution power lines that provide services to approximately 1,100 residents within a specific neighborhood.

The District Department of Transportation's mission is to equitably deliver a safe, sustainable, and reliable multimodal transportation network for all residents and visitors of the District of Columbia.
