

# Feeder 14008

July 3, 2024

**RE: Important Notice Regarding Final Milling and Paving Restoration on 1300, 1400, and 1500 blocks of Downing Street NE, and Bryant Street, NE (1300 block).**

Dear Resident,

We want to inform you that the District of Columbia Powerlines Underground (DC PLUG) Initiative's Feeder 14008 is in the final stages of civil construction. As a result, our dedicated contractors will soon be commencing the final roadway restoration in your neighborhood.

**Milling and paving will occur from July 8 to August 8, 2024, on Downing Street NE (1300, 1400, and 1500 blocks) and Bryant Street NE (1300 block), between Montana Avenue NE and Brentwood Road NE. The construction will occur Monday through Friday, from 7:00 am to 5:00 pm.**

During the restoration phase, we request your cooperation in observing all signage and temporary prohibition of street parking. Please adhere to the No Parking signs posted in the affected areas. **Failure to observe the No Parking signs will result in your vehicle being ticketed and towed.** Additionally, it is crucial to follow the directions of flaggers for your safety and the safety of the workers. Weather permitting, the restoration phase will take approximately Thirty-two (32) days.

We appreciate your patience and understanding as we progress toward creating a more reliable and resilient District of Columbia.

Warm regards,

**Ann Walters**  
Community Outreach Coordinator
