Temporary Southbound Curb Lane Closure on the 1300, 1400, and 1500 blocks of Downing Street, NE, and the 1300 block of Bryant Street, NE, For DC PLUG Feeder 14008 from June 10 to 21, 2024.

(WASHINGTON, DC) – The District Department of Transportation (DDOT) is advising of a temporary southbound curb lane closure on **1300, 1400, and 1500 blocks of Downing Street, NE, and 1300 block of Bryant Street, NE, between Brentwood Road, NE, and Montana Avenue, NE** for road restoration of milling and paving.

The temporary southbound curb lane closure will begin from June 10-21, 2024, between 7:00 a.m. and 5:00 p.m., weather permitting. Residents will still have access to their homes, and parking will be prohibited as marked by “Emergency No Parking” signs.

The curb lane closure is necessary to complete the DC Power Line Undergrounding (DC PLUG) initiatives for Feeder 14008 for road restoration, milling, and paving. The DC PLUG initiative is a partnership between the DDOT and Pepco to improve the resiliency and reliability of the District of Columbia electric system by placing select systems underground. Feeders are primary distribution power lines that provide services to approximately 1,100 residents within a specific neighborhood.

For more information about the DC PLUG Initiative and to stay up to date on traffic-related impacts and construction progress, please visit www.DCPLUGinfo.com, call the DC PLUG team at 1-844-758-4146, or email DC PLUG at questions@DCPLUGinfo.com.

###

The District Department of Transportation’s mission is to equitably deliver a safe, sustainable, and reliable multimodal transportation network for all residents and visitors of the District of Columbia.
