Weekday Sidewalk and Lane Closure for Multiple Locations DC PLUG Feeder 14702

(WASHINGTON, DC) – The District Department of Transportation (DDOT) advises stakeholders to expect delays due to upcoming sidewalk closures for work related to the DC Power Line Undergrounding (DC PLUG) initiative.

There will be no full roadway closure; however, sidewalks and lanes will be restricted during work hours.

Traffic controls, including signage, will be in place to guide motorists safely through the work zones. All roadway users are advised to stay alert and be observant of signage and work zones while traveling in these areas.

Sidewalk and Lane closures are listed below and take place on weekdays from 9:30 a.m. to 3:30 p.m. from August 1-31, 2025.

- Temporary northbound and southbound sidewalks and lane closures for cast-in-place manhole and sidewalk restoration from the **1600 block of 26th Place SE**, from **R to Q Street SE**
- Temporary northbound and southbound sidewalks and lane closures for pavement restoration, milling and paving from the **1600-1800 blocks of 28th Street SE**, from **R Street to Texas Avenue SE**
- Temporary northbound and southbound sidewalks and lane closures for pavement restoration, milling and paving from the **1700-1800 blocks of 28th Place SE**, from **R Street to Texas Avenue SE**
- Temporary northbound sidewalk and lane closures for conduit installation, pavement restoration, milling and paving from **1600-1800 blocks 29th Street SE**, from **Q Street SE to Texas Avenue SE**

- Temporary northbound sidewalk and lane closures for conduit installation, pavement restoration, milling and paving from the **2800 block R Street SE**, from **28th Street SE** to **29th Street SE**
- Temporary northbound sidewalk and lane closures for TE, TH, conduit and manhole installation from **1300 - 1400 blocks of 28th Street SE**, from **N Street SE** to **Pennsylvania Avenue SE**
- Temporary eastbound and westbound sidewalk and lane closures for conduit and manhole from the **2700- 3000 blocks of O Street SE**, from **27th Street SE**, to **Branch Avenue SE**
- Temporary northbound and southbound sidewalk and lane closures for conduit and manhole installation from the **1300 block of 29th Street SE**, from **O Street** to **Nash Place SE**
- Temporary northbound and southbound sidewalk and lane closures for conduit installation and pavement restoration from the **1300 block of 30th Street SE**, from **O Street** to **Anacostia Road SE**
- Temporary eastbound and westbound sidewalk and lane closures for conduit, manhole installation and pavement restoration from the **2800 - 3000 blocks of N Street SE**, from **28th Street** to **31st Place, SE**
- Temporary eastbound sidewalk and lane closures for conduit installation and pavement restoration from the **2900 block of Nash Place SE**, from **29th Street** to **30th Street SE**
- Temporary eastbound sidewalk and lane closures for conduit installation, pavement restoration, milling and paving from the **2800 - 2900 blocks of S SE**, from **28th Place** to **30th Street SE**
- Temporary eastbound sidewalk and lane closures for milling and paving from the **2800 block of Texas Avenue SE**, from **28th Street** to **29th Street SE**
- Temporary northbound and southbound sidewalk and lane closures for TE, TH, conduit, manhole installation, pavement restoration from the **1700 block of 31st Street SE**, from **Pennsylvania Avenue** to **Westover Drive**
- Temporary northbound and southbound sidewalk and lane closures for TE, TH, conduit, manhole installation and pavement restoration from the **3100-3199 blocks of Westover Drive SE**, starting at **31st Street, SE**

This work is necessary to complete the DC PLUG initiative's Feeder 14702 project, which consists of undergrounding powerlines for a more resilient DC.
