German Vigil – (202) 306-1668, german.vigil@dc.gov

Temporary Southbound Lane Closure from the 2900 to 3000 blocks of Martin Luther King Jr. Avenue, SE, For DC PLUG Feeder 15166 Begins, October 14, 2024, to November 30, 2024

(WASHINGTON, DC) – The District Department of Transportation (DDOT) advises stakeholders to expect delays due to upcoming southbound lane closures to install manholes, conduits, and PCC base restoration in the **2900 to 3000 blocks of Martin Luther King Jr. Avenue, SE between Malcolm X, Avenue, SE, and Labaum Street, SE**, (weather permitting). Installation of manholes, conduits, and roadway base restoration is necessary to complete the DC PLUG initiative’s Feeder 15166 project which consists of undergrounding powerlines for a more resilient DC.

The lane closures are estimated to last 6 weeks to install manholes, conduits and roadway base restoration (weather permitting). The installation of manholes, conduits and roadway base restoration is necessary to complete the DC PLUG initiative’s Feeder 15166 project which consists of undergrounding powerlines for a more resilient DC.

For more information about the DC PLUG Initiative and to stay up to date on traffic-related impacts and construction progress, please visit www.DCPLUGinfo.com, call the DC PLUG team at 1-844-758-4146, or email DC PLUG at questions@DCPLUGinfo.com.

###

The District Department of Transportation’s mission is to equitably deliver a safe, sustainable, and reliable multimodal transportation network for all residents and visitors of the District of Columbia.
